

235 West 56th Street

Installation
2005

Location
New York, NY

Materials
Strongcrete SW-81 and
SW-88 Repair Mortar

Strongcote SC-111
Pedestrian Grade Coating

Resicolor #4

Contractor
Standard Waterproofing
Bronx, NY

This 44-story residential tower has over 400 balconies. SW-88 overhead and deep vertical repair mortar was used for the overhead repairs on the balconies and the vertical patches on the eyebrows. SW-81 was used for the horizontal repairs on the balconies. Both the balconies and eyebrows were then coated with SC-111 and Resicolor #4.
