

## Untermann Field

**Installation**  
2006

**Location**  
Newark, NJ

**Materials**  
Strongcrete SW-81  
Strongcrete SW-82  
Repair Mortar

Strongcote SC-111  
Pedestrian Grade Coating

Resicolor #4

**Contractor**  
Tec-Con Contractors  
East Orange, NJ

This 17,000 sq. ft. stadium required concrete repair and protection. Both SW-81 and SW-82 were used for all horizontal and vertical repairs respectively. The entire area was then sprayed with two coats of SC-111 Pedestrian Traffic Coating and one coat of Resicolor #4.
